

NAME	Ofmom® SynterAct® BIMBI Drops 10 ml
INFORMATION	Ofmom® SynterAct® BIMBI is a food supplement based on live lactic cultures that favors the regular rebalancing of the gut flora and the proper functioning of the intestine.
COMPOSITION	Bifidobacterium breve M-16V Bifidobacterium lactis HN019 Lactobacillus rhamnosus HN001
DOSAGE FORM	Drops
PACKAGE AND WEIGHT	1 vial of 10 ml with dropper
DOSAGE	It is recommended to take 0,5 ml per day. Use the graduated dropper inside the pack. The product can be added to water or other liquid. Take preferably with meals. Shake before use.
HOW TO USE	It can be dissolved in food as milk, water, baby-food or juice. Do not dissolve or add to hot liquids (max 37°C). It is normal to observe caking presence: residues on the walls or on the bottom of the vials, which is normal and does not alter the quality of the product.
HOW TO STORAGE	The product contains heat-sensitive live lactic cultures with probiotic action. Therefore, it is recommended to avoid the exposure to sources of heat or sudden changes in temperature. Keep it away from light and preferably at a temperature between 15° and 25°. Do not keep in the fridge.
WARNINGS	Do not exceed the recommended doses. Keep out of reach of children under 3 years of age. It is recommended to consult the doctor before use. Food supplements are not intended as a substitute for a varied and balanced diet and a healthy lifestyle.
INGREDIENTS	Medium chain triglycerides, Bifidobacterium breve M-16V, Bifidobacterium lactis HN019, Lactobacillus rhamnosus HN001, vegetable fat (Shea butter), emulsifying agent: mono- and diglycerides of fatty acids (E471).
AVERAGE CONTENT (0,5ml)	Bifidobacterium breve M-16V ≥ 1 billion live cells Bifidobacterium lactis HN019 ≥ 1 billion live cells Lactobacillus rhamnosus HN001 ≥ billion live cells
